The Child Road Traffic Injury Prevention Program in the Philippines

The Child Road Traffic Injury Prevention (CRTIP) program is a UNICEF initiative in the Philippines that aims to reduce road traffic injuries and fatalities, especially for children (UNICEF)

GOALS

- Creating local government interventions for child road safety;
- Supporting safe journeys to and from school;
- Improving road safety education for school children;
- Developing models for child road traffic safety programs;
- Strengthening data collection and analysis;
- Improving road safety laws and policies;
